DEATHS.

—Little Virgil C. Eldridge, about 3 years old, son of Mr. and Mrs. Milton Eldridge, of North Middletown, died Wednesday afternoon at the Massie Memorial Hospital, of tetanus, caused by running a splinter in his foot, about a week ago. The body was removed to the home of his parents late Wednesday afternoon. The funeral arrangements have not yet been made.

KENNEY.

—Mrs. Bettie Kenney dropped dead at her home on Sycamore Street, in Carlisle, Wednesday morning. Mrs. Kenney was the wife of Mr. William Kenney, one of the wealthy citizens of Carlisle, and was one of the most popular women in the city. She was formerly Miss Howard, and before her marriage resided at Ripley, O.

Mrs. Kenney was well known in Paris, where she was a frequent visitor.

STRUBY.

—A telegram was received Tuesday afternoon by Dr. H. Struby, announcing the death of his mother Mrs. Barbara Struby, which occurred in Henryville, Ind., Tuesday.

Mrs. Struby was a native of Switzerland, and was the widow of the late Mr. Henry Struby, who died in 1888. Mrs. Struby was aged eighty-eight years, and had been ill for about a month. Her death was due to infirmities of age.

She is survived by six children, Dr. H. Struby, of Paris, Ky.; Mr. Wm. Struby, of Louisville; Mrs. Lou B. Brown, formerly of Louisville, but now living at St. Petersburg, Fla.; Mrs. Alice Blount, of Dubuque, Iowa; Mr. Albert Struby, of Louisville; and Mrs. Louise Struby, who resided with her mother in Henryville, Ind. The remains were taken to Louisville, the interment taking place in that city Tuesday morning at 9 o'clock.

Dr. Struby left Tuesday night for Henryville, Ind., and for Louisville to attend the funeral interment.

WALL.

—Richard M. Wall, formerly of Maysville, died suddenly of heart trouble at the home of his sister, Mrs. Barton Burr, in Ironton, O., early Monday morning. He was an ex-Confederate soldier, having enlisted in the service October 21, 1861, and was sergeant in Company D, Ninth Kentucky Infantry, under Captain Ben Desha.

Mr. Wall was the son of the late Major William K. and Clementine Wall and was about seventy-two years old. About fifteen years ago he

ALLSLED NEGRO THIEF ARRESTED BY POLICE.

While assisting in some work at the seed house of J. S. Wilson & Bro., Tuesday afternoon, Geo. Rassenfoss, Jr., was relieved of \$46, which he had left in his trousers pockets hanging on the wall. A negro who was noticed loitering about the place, was suspected of taking the money. Wednesday Chief of Police Link arrested Rufus Keith, a negro construction camp hand, on suspicion, and lodged him in jail. The money was not recovered.

OWLS LEAVE NEST.

The local lodge of Owls, after an existence of several months, has given up the ghost and surrendered its charter. The old birds and the young Owlets alike have deserted the Nest.

married Miss Jessie Wood, of Ironton, O., formerly of Maysville. He and his wife lived at Cynthiana all their married life until about a year and a half ago, when they went to Ironton to make their home with Mrs. Wall's sister. Tuesday the body was taken to Battle Grove cemetery at Cynthiana for interment. The services were conducted at the grave by the Confederate veterans.

Besides his wife, Mr. Wall is survived by a brother, Mr. W. S. Wall, of Dallas, Texas, and a niece, Mrs. W. H. Means, of Maysville.

In later years, Mr. Wall was a cigar salesman, and was well known in Paris and in the county.

WINSTON.

—Capt. James Winston, aged about 75 years, died at a Covington hospital, Monday evening, following a protracted illness due to infirmities of age. Capt. Winston had been in declining health for the past two years, and, during the past few months, had been confined to his bed.

He was a popular conductor on the L. & N. for about twenty years, retiring from that position about twelve years ago, and had since resided at his home in Covington.

Captain Winston's wife who was formerly Miss Melvina Johnson, of Paris, sister of the late Mr. W. A. Johnson, died in Covington, May 28, 1904, and her remains were interred in the family lot at the Paris cemetery.

The remains of Captain Winston were brought to Paris, Wednesday afternoon at 5:50 o'clock, and taken to the undertaking rooms of Mr. G. W. Davis.

The funeral services were conducted at the Paris cemetery yesterday morning at 10 o'clock by Rev. B. M. Shive, pastor of the Paris Presbyterian church, and the remains were interred beside the grave of his wife.

GAME WARDENS GET TWO.

A Frankfort special says: "Two men charged with dynamiting, it being alleged that they went over from Anderson County, and dynamited Chaplain's Creek, in Washington County, were arrested by State Game Wardens Cash Shaw, of Frankfort, and George M. Hill, of Paris, who have been actively raiding wholesale fish slayers in the streams of Central Kentucky. One man was fined \$50 and paid it and the other went to jail to serve out a similar fine. They were presented before Magistrate R. D. Riley."

WHEAT SACK SHORTAGE.

Although 40,000 sacks have been given out to the wheat growers of Clark County by the Winchester Roller Mills, there still exists a big shortage, and many thousands more will be needed, although at present they cannot be obtained from the manufacturers. There is not an extra sack in Louisville, Lexington or Cincinnati, according to local millers there.

MEETING OF PARIS MASONS.

A stated convocation of Paris Chapter No. 15, Royal Arch Masons, Paris, Ky., will be held tomorrow, Friday, July 10, at 7:30 o'clock p. m. Work in several degrees.

N. H. RION, H. P.
JOE H. EWALT, Secretary.

CHANGE OF MANAGEMENT.

Becoming effective yesterday, Mr. J. P. Owings, lately of Mt. Sterling, has taken charge of the local office of the Western Union telegraph office, succeeding Manager Letcher. Auditor T. S. Bogan, of Lexington, was here yesterday checking out the retiring manager. Mr. Owings has had many years of experience and for several years was manager of the Postal Telegraph Co.'s office in Mt. Sterling.

COMMITTEES APPOINTED.

At a meeting of the County Board of Education held in the office of Miss Mabel Robbins, County Superintendent of schools, a committee composed of Trustees Thos. Current and O. H. Collier and Miss Robbins, was appointed to receive bids on Saturday, July 18, for building and addition to the Millersburg school house. Trustees Tanner and Martin and Miss Robbins were appointed a committee on improvements for the schoolhouse at Stony Point.

"A LONG AND FOND FARWELL."

In response to call issued through the Paris papers for a meeting of the citizens of city and county interested in reviving the old Bourbon County Fair, a handful of the faithful adherents of the institution gathered at the court house Monday afternoon and sadly discussed prospects. Various schemes for the rejuvenation of the old fair were discussed pro and con, and the conclusion was finally reached, in the classic words of John Wiggins: "Nothing to be did."

It now seems to have been fully settled that the historic Bourbon County Fair after sixty-three years of existence is going out of business. The directors have voted to dissolve the association and it is considered probable that the grounds will be subdivided and sold in building lots. The Bourbon Fair claimed the proud distinction of being the oldest fair west of the Alleghany Mountains, but in recent years it has been poorly patronized. County fairs come and go as a rule and not many of them have held on half as long as the Bourbon fair. "It was a good old wagon" for the agricultural interests of the county, but it has "broken down."

One of the promoters remarked as the group passed out of the Court House, "Poor Old Paris can't have anything but politics, busted finance and scandals!"

GOODMAN RELEASED.

Outfielder B. F. Goodman, the former star of the Paris team of the Blue Grass League, has been released by the Lexington Club of the Ohio State League. Manager Guyn released Goodman and Brown, in order to make room for Tedrow, Hanna and Kendall, recently acquired from the defunct Paris and Ironton teams. "Goodie" is one of the classiest and speediest players in the league, and has made an enviable record in stick work. His Paris friends, and they are legion, hope he will again be on the diamond in even faster company than the Colts.

SUCCEEDS LAMBERT COMPANY.

The Lambert Company, which succeeded Mr. Albert Jones in the National Five and Ten Cent Store, will vacate the room they have been doing business in about July 15, and will move their stock of goods to another locality.

The store room has been rented by Mr. Fred Wuckesser, of Virginia, who will open up with a complete line of dry goods and general merchandise about July 15th.

ANOTHER POISONING CASE.

The mystery surrounding the supposed poisoning of the Hughes family in this city some weeks ago received an added chapter this week when Mrs. Zereda Hughes, the eldest of the family, was taken suddenly ill in much the same manner as in a previous attack.

A physician was hastily summoned to the Hughes home on Main Street, where Mrs. Hughes was found suffering from poisoning, the cause of which was not clearly determined. By the use of a stomach pump, the sufferer was relieved and her life saved.

Early in June, Mrs. Hughes, her daughter, Miss Blanche, the latter's brother, Rollie and Llewellyn Hughes and Mrs. Hughes' grandson, little Charles Leslie Hughes, suffered from the effects of being poisoned, which was by some attributed to their eating canned salmon.

Llewellyn and little Charles died at the Massie Memorial Hospital as a result of their illness, but the other members of the family recovered.

It was suspected that the drinking water used by the family had been poisoned, but a chemical analysis of the water disproved that theory. The matter remains an unsolved mystery.

POUTH BECOMING SERIOUS.

It has been many years since Bourbon County has suffered so much from drouth on the loss of growing crops so large as at present. The hemp crop is badly damaged, while other crops have been cut at least one-half by lack of rain. The corn is beginning to show damaged condition, but copious showers may yet bring this across. Farmers are greatly distressed and worried. Stock water is very scarce and some people are driving several miles to creeks. The gardens in some cases are complete losses.

The prolonged dry weather in Mason county is becoming alarming. Almost every bit of grass has been burned by the scorching sun and the hay crop is a total failure. Every stream in the county is dry, and cattle for miles around are being driven to the river for water. Tobacco and corn will be a total loss unless rain comes.

Blackberries are very poor in Nicholas county this year. The crop would have been a good one but for the drought.

THOMAS AND BECKHAM SAFELY IN THE LEAD.

Tipped By Enquirer As Sure Winners With Camden For Short Term.

ENQUIRER TIPS.

Sunday's Cincinnati Enquirer, in dispatches from Washington, Lexington and Louisville, tips Beckham to win the Democratic nomination for U. S. Senator, (long term), J. N. Camden, (short term), Claude M. Thomas, for Congressman from the Seventh District, and Richard P. Ernst, the Republican nomination, (long term.)

ROGERS FOR THOMAS.

Mr. H. A. Rogers, one of the most prominent Democrats in the county, and also one of the biggest and best farmers, has announced that he will support both J. C. W. Beckham for Senator, and Mr. Thomas for Congress.

Having never voted for Gov. Beckham in any of his former races, he was inclined to go to Stanley, so he went to hear his speech, in the Court House a few nights ago. Mr. Rogers made his mind up then to vote for Mr. Beckham. Many other strong men throughout the county feel the same way as does Mr. Rogers.—Winchester Sun.

THOMAS' CAMPAIGN.

Hon. C. M. Thomas, of Paris, candidate for the Democratic nomination for Congress from the Seventh District, left Tuesday for Oldham County, where he will follow his opponent, Congressman J. C. Cantrill who spoke in Lagrange Tuesday afternoon, and his campaigning tour through that section of the district will occupy the remainder of this week. He spoke in LaGrange, Wednesday.

Mr. Thomas spoke Monday in Stanton, Powell County, to an enthusiastic crowd of voters and Monday night was given a royal welcome by the citizens of Clay City, where he also made a speech in the interest of his candidacy.

Next Monday he will speak in Lexington, invade Fayette county and will inaugurate his campaign in Fayette by a speech at the court house in Lexington under the auspices of the Fayette County Thomas Club.

Dr. Pierce's Favorite Prescription

Take this in liquid or tablet form as a tonic and regulator!

Mrs. Kate D. Richardson, of Beasley, Essex Co., Va., says, "I esteem it a pleasure to testify to the wonderful curative qualities of Dr. Pierce's Favorite Prescription. For some years I suffered greatly with weakness peculiar to my sex. I was treated by several physicians but gradually grew worse. One of my friends told me of the good results of your 'Favorite Prescription.' I went to the drug store and got a bottle, and after taking it, with the 'Pleasant Pellets,' I commenced to get better. I never knew what happiness was, for I was always sick and complaining and made others as well as myself unhappy. So you see what a debt I owe you!"

EVERY STATE IN UNION IN AMERICAN GOODS.

Did you know that the articles which go to make up your home represent almost every state in the union? They do. The average citizen imagines that he lives at home, but he does not. He gets up in the morning and puts on his socks made in New York, shoes in Boston and pants made in Ohio. He dips some water of St. Louis soap. He dries his face dipper and puts it in an Indiana washpan and washes his face with a cake of St. Louis soap. He dries his face with a Rhode Island towel and roaches his hair with a Vermont comb. He takes Cuban coffee in an Indiana cup and saucer, sweetened with New Orleans sugar and stirred with a New York spoon. His knife, fork and plate are made in the North, and his table cloth ditto. He eats a piece of Chicago ham fried in Kansas lard, sops his St. Louis biscuit, seasoned with Boston soda and Michigan salt, into Louisiana molasses. He wipes his mouth on a Vermont napkin and seats his family around a Michigan table in chairs from the same State. His meal was cooked on a St. Louis stove, with wood cut with a Pittsburgh ax and hauled in an Indiana wagon. Then the citizen puts a Boston saddle on a Missouri mule and gets out his plow and works in the field encumbered, possibly, with a New Jersey mortgage. He returns at night and satisfies his appetite with another imported meal, fills his Indiana lamp with Pennsylvania oil and lights it with a New York match. He then fills his Missouri pipe with North Carolina tobacco and settles down in a Northern chair for a comfortable smoke. When bedtime comes he takes down the family bible which was printed in Massachusetts, reads a chapter composed in Jerusalem, then retires to bed, sleeps under imported covers and is kept awake two long hours by the yowls of his cats, which are the only home products he has on his farm.

DOGS KEEP FARMERS FROM RAISING SHEEP.

At the conference of Wool Growers at Washington last week it was pointed out that in the farming States the dog menace deters a great many farmers from attempting to keep sheep at all. It was stated that the government through the Biological Survey was doing a great deal toward controlling the wild animal pests in the west. Texas has gone in very heavily for bounty paying in the destruction of wolves, coyotes and in bears, and it was stated that before the conference that last year Texas expended almost \$90,000 in bounties and obtained more than 75,000 animal scalps. The records indicate that wild animal pests are being reduced in Texas more rapidly than in any of the other sheep-raising States. The conference recommended a campaign of education throughout the farming States and the enactment of dog laws that would tend to reduce this menace to the sheep-raising industry.

WOMAN WOULD NOT GIVE UP

Though Sick and Suffering; At Last Found Help in Lydia E. Pinkham's Vegetable Compound.

Richmond, Pa. — "When I started taking Lydia E. Pinkham's Vegetable Compound I was in a dreadfully rundown state of health, had internal troubles, and was so extremely nervous and prostrated that if I had given in to my feelings I would have been in bed. As it was I had hardly strength at times to be on my feet and what I did do was by a great effort. I could not sleep at night and of course felt very bad in the morning, and had a steady headache.

"After taking the second bottle I noticed that the headache was not so bad, I rested better, and my nerves were stronger. I continued its use until it made a new woman of me, and now I can hardly realize that I am able to do so much as I do. Whenever I know any woman in need of a good medicine I highly praise Lydia E. Pinkham's Vegetable Compound."

When I see about me, in the fields of intellectual attainment and culture, in the walks of business and in family life, so many disasters and tragedies long drawn out, of failing health and collapse of nerve, brain and muscle, I feel that health is the only bulwark upon which everything we prize in intellectual culture and religious perfection can ever be reared.—G. "Watch Our Windows."

LUKE McLuke SAYS.

Two women can love one man and not spend anything. But when one man loves two women he usually goes broke.

Some men like to go out with a painted woman. But they'd hate to come home to one.

The reason a man has to be such a good listener after marriage is because he talked too much when he was courting.

Before they are married they stroll along the street clinging so closely to each other that you couldn't wedge a cigarette paper between them. After marriage you could drive a moving van between them when they are on the street and they wouldn't notice it.

When you see a young man climb on a street car late at night with a smudge of face powder on the lapel of his coat and his trousers creased at the bottoms but gabby at the knees, you can bet that his girl is a corn-fed.

There never was a young woman who didn't like to gamble some way or another. And there never was a woman who didn't get mad if her husband takes a chance.

You can know of a man by getting drunk with him. But to know a woman you have to marry her.

The trouble with a good lobster is that he usually gives a continuous performance.

"We all expect a ton of Gratitude for an ounce of Charity."

You always notice how whisky smells on the other fellow's breath, but you know people can't smell it.

A Princess can be the life of the Party and the most Winsome Smiler in the world when she is out of company. But you should get a peep at her map when her mother asks her to help wash the dishes.

What has become of the old-fashioned gambler who used to wear a hold-out in his sleeve?

DAINTY LITTLE DRESS

**PARTICULARLY DESIGNED FOR
WOMEN OF SLENDER FIGURE.**

**Nothing Better In Summer Evening
Frocks Has Been Offered Than
This Typically French Confection Described.**

If you are slender and rather tall you can wear the dress of the sketch and know that it was designed for your particular type, but if you are—well, if you are not, it will certainly never do. It was worn by a young woman to whom it was not at all suited at a recent private dance, but the dress itself was so altogether dainty and youthful that I am sending home a sketch in case any one wishes to copy it for a lovely summer evening frock, writes Lillian E. Young in a letter from Paris to the Washington Star.

These many ruffled skirts are extremely modish just now, and are most becoming to the type that suit, for, naturally, the design lends fullness to a slight figure and cuts the height as well.

In this instance dawn-pink chiffon was used throughout, though if something a little more substantial is preferred the skirt may be of taffeta, and the bodice of chiffon to match. The little bow knots set at the top of each flounce down the left side of the skirt

were in azure-blue velvet ribbon, and lent a delightfully quaint touch to the costume. The sleeves were similarly trimmed.

Don't get the idea that such a skirt is hard to make. It isn't—but it will require some time and care to arrange the flounces evenly. They are simply straight strips of the material (doubled if of chiffon, but single in taffeta) about six to seven inches deep and evenly gathered at the top and attached to a plain foundation skirt underneath. This may be of strong net or of china silk or mouseline.

The bodice will need a net inner waist. The chiffon over-part was cut with short kimono sleeves finished with a frill of chiffon, and the open neck, too, had a finishing frill.

The girdle was rather broad and topped by an upstanding ruffle of the skirt material. It tied at one side with a long end and loop caught under a natural-looking rose.

The same dress would be delightful in taffeta and chiffon of that lovely cream shade that suggests it might have lain for years in some old attic chest, and the girdle could be of turquoise blue velvet caught with a silver gauze rose, while the small bowknots in the skirt could be made of very narrow silver gauze ribbon. Again, flowered taffeta, in one of the small wreath patterns, will make another charming variation.

You will probably be able to guess from designs such as this that fuller skirts are really on the way.

To Set Colors.

Now is the time when the "fore-handed" woman is getting some of her summer sewing done. Before making up the colored wash materials she shrinks them and "sets" the colors. Green and lavender materials will retain their coloring, unharmed by laundry work, if they are soaked at first 15 minutes in about two gallons of cold water to which half a cupful of strong vinegar has been added. Salted water, or water to which a turpentine has been added, will set pinks and blues. Colored silk stockings may be successfully washed by following the same rules.

Could Stand It Longer.

A lecturer one torrential night addressed an audience which might have been much larger without taxing the seating capacity of the hall. Naturally he was willing to curtail his address, and, having reached what he considered the psychological moment, said: "I'm afraid I've kept you too long." Whereupon a voice replied: "Go on, it's still raining."

Old Coats and Old Friends.

My coat and I live comfortably together. It has assumed all my wrinkles, does not hurt me anywhere, has molded itself on my deformities, and is complacent to all my movements, and I only feel its presence because it keeps me warm. Old coats and old friends are the same thing.—Hugo.

Profit of Books.

The profit of books is according to the sensibility of the reader. The profoundest thought or passion sleeps as in a mine, unless an equal mind and heart finds and publishes it.—Emerson.

Progress by Blundering.

To err is not only human, it is progressive.—Puck.

Colds

should be "nipped in the bud", for if allowed to run unchecked, serious results may follow. Numerous cases of consumption, pneumonia, and other fatal diseases, can be traced back to a cold. At the first sign of a cold, protect yourself by thoroughly cleansing your system with a few doses of

THEODOR'S BLACK- DRAUGHT

the old reliable, vegetable liver powder.

Mr. Chas. A. Ragland, of Madison Heights, Va., says: "I have been using Theodor's Black-Draught for stomach troubles, indigestion, and colds, and find it to be the very best medicine I ever used. It makes an old man feel like a young one." Insist on Theodor's, the original and genuine. E-67

To Stop a Hole.

If using plaster of paris to fill a wall crack moisten with vinegar instead of water, which will make it more like putty. Work it in the gap and smooth with an old knife. It will not then harden before you have time to apply it as when water is used.

Great Poet's Splendid Eyes.

According to Trelaway no man had brighter eyes than Byron; they were gray, and fringed with long black lashes. Lady Blessington, writing of him a few months before his departure to Greece, adds that one eye was visibly larger than the other.

New Number on Clock.

Donald, not quite six, is just learning to tell the time. The other day he was playing in the room where the clock is and his mother in an adjoining room asked him what time it was. He glanced at the clock and answered, "Well, mamma, it is just five minutes past the keyhole."

Sport Before Schedules.

"What time will this train reach Perkins Junction?" asked a traveler on a short line railroad. "There ain't no telling," said the conductor affably. "Me and the engineer are goin' to get off down the road a piece an' hunt rabbits for a spell."

"MOVIES" IN JAPAN

People of the Orient Very Fond of the Amusement.

First-Class Theaters Have Been Erected and Plays Are Produced With Every Possible Attention to Details.

Many of the motion picture theaters in Japan, particularly in Tokio, where there are over a hundred, are quite as elegant as some to be found in any American city. You can secure admission for as low as five cents up to as high as 50 cents. In the cheaper portions of most theaters, the natives sit cross-legged on the floor in characteristic Japanese fashion. They remove their shoes before entering and an attendant takes charge of these.

Both American and European pictures are shown, but the principal attraction is a long Japanese play, which is presented in a very unique fashion. In fact, it may be said that the Japanese have real talking pictures.

The film is produced in the same manner as a stage play, with every portion of dialogue spoken.

When the picture is projected an actor and actress stand on each side of the screen and repeat the dialogue in full view of the spectators. The two reciters share the parts played by the different characters. As their spoken words keep strict time with the lip movements of the silent artists, the result, as may be imagined, is very effective.—Exchange.

DUKE IN MOVING PICTURES

Titled Englishman Takes Part in Important Scene in "The Million-Dollar Mystery."

The duke of Manchester has gone into pictures. England's titled son appeared in a scene of "The Million-Dollar Mystery" at a studio a short time ago. It was the distinguished foreigner's first view of motion picture making. He likes it. Charles J. Hite, president of the company, escorted him through the studio. When the party arrived in the East building, where some of the "Mystery" scenes are being taken, Mr. Hite called Di-

Florence La Badie and James Cruze.

rector Howell Hansel to one side and told him to put the duke into a scene. It was no sooner said than done. Almost before the Englishman realized what was happening, Director Hansel was posing him. The duke enjoyed it and laughingly told Mr. Hite to "crank the camera." The visitor proved such an adept that an actual scene was taken, showing him aiding Miss Florence La Badie, the heroine of the forthcoming serial, to escape from the machinations of the Countess Olga, Miss Marguerite Snow, and her band of conspirators.

Biblical Films Barred in Prussia. There must be no biblical films in Prussia, according to a ruling of the highest administrative court of the kingdom. The Berlin police president had prohibited the production of a film which gave some scenes from the life and sufferings of Christ. The court sustained the action of the police on the ground that the Christian religion is a part of the public order which the police are bound to uphold. The court also held that such a film grossly wounds the sensibilities of religious people, particularly in view of the fact that it is given along with light and humorous productions.

Hazel Dawn in Big Production. Miss Hazel Dawn of "The Pink Lady" and "The Little Cafe" has been engaged to play the chief role in "One of Our Girls." The comedy was written by Bronson Howard, and it abounds in patriotic situations involving the sacrifice of an American girl for her little French cousin.

Actor Has Written Winning Plays. W. D. Taylor (Alvarez Taylor) has not confined himself exclusively to acting, for he is the author of several well-known vaudeville playlets, two of which he has played in himself. He recently put on one for a benefit in Santa Monica, Cal., "The Mills of the Gods," in which he was assisted by Anne Schaefer.

DAME FASHION SENDS OUT HER NEWEST DECREES

Loose Armholes Giving Way to Fitted Sleeves of Basque Waist.

NEW YORK, July 9.—A great deal of talk has been occasioned by the protest made by the women at the General Federation of Women's Clubs in Chicago recently against the modern styles. The resolution stated that the clothes worn were extreme, immodest and lacking in beauty. This was signed by 40,000 women. A deputation of women were appointed in each district to interview the manufacturers and dressmakers and request them to design and make simpler and more modest dresses.

A Waist Showing the Armhole and Skirt With Double Flounces

This is a heroic measure on the part of the American women, and one that is hardly apt to meet with success as long as Paris is the recognized source from which the styles of the day originate. This distinction is held by the Parisians because after all is said and done they have virile ideas upon the subject of dress and are able to carry them out to artistic advantage. Until it is decided that some other place shall be the arbiter of what we shall, and shall not wear, this protest will have but little influence.

With the vogue for the basque and polonaise come many styles which have their origin in these but are modified to suit the women to whom the mentioned styles are not becoming. These last are moyer age in type, being long of waist and loosely belted in at the waist with belt or sash. One stunning dress of this variety is of white silk with chiffon overwaist which hangs straight from the shoulders to the depth of a long tunic, but held in by sash which runs through slits made in the chiffon. This is a style which is easily applied to cotton materials, such as crepe, batiste and others.

The simple but dainty designs called the polka dot and the ring have had a long period of being unnoticed or, at least not noticeable smart. But this summer they are to be seen in foulards, in wash silks, in cotton crepes and, of course, percales and calicos. In the illustration is a simple and attractive dress made of percale with a blue ring strewn across its surface. The waist shows the new tendency of the armhole which is growing smaller and the skirt has two circular flounces. Crisp white collar and cuffs and crushed girdle are the finishing touch. This is a dress which can easily serve as the model by which to plan a dress. With waist and skirt of striped material and flounces of plain it would be unusual in its attraction. Another way of finishing the dress would be to bind the ruffle of the sleeve, the collar and the flounces with a color matching the figure in the percale.

Never was a style revived in greater completeness than the basque. In the tightness of the armhole and the buttons down the front, and the points at the waist this modern basque is an exact replica of its ancestor. The plain fitting long tunic skirt is a conservative model of its type and one which the woman of full figure can easily wear.

The armhole of the basque waist is snug and certainly looks almost queer, after the looseness of the kimono blouse we have worn so long and which gives so much freedom

that it almost made one wonder at times if there was an armhole at all. Waists of different styles are already showing that this has an influence upon them and are appearing with smaller armholes. A strong tendency exists towards embellishing seams in some way. For instance, sleeves are put in with a cording around the armholes or narrow lace or beading is used. This is a very pretty way of making a simple waist attractive.

From all sides we hear rumors of wider skirts and yet when we examine the models we find the largeness consists in a large quantity of material in draperies, in flounces or tunics, while the underskirt or foundation remains as narrow or narrower than ever. The tendency of these tunics is to widen out, measuring about 2½ to 3 yards in width, with the fulness gathered in at the waist. This style is practical to develop in sheer and summery materials, and later possibly for the development of the heavier fabrics.

The tremendous popularity of lace is evidenced in the wraps and gowns displayed of these materials for midsummer. Long tunics of lace are worn over underskirts of satin, taffeta and chiffon. Coats and capes of lace have superseded those of chiffon and taffeta. Skirts are made with ruffles of lace from hip to hem. If one is fortunate enough to possess old lace it may be used to the greatest advantage this season. Among the most popular of the laces are, first and foremost, Chantilly, then maline, shallow and filet lace. The old Spanish patterns are being revived in borders on net foundations. The great novelty of the season's laces are the metal laces. Gold and silver laces in dainty and quaint designs combine charmingly with soft taffeta and satins. Net top of crystal, gold or silver, and are much used for tunics on dancing and evening frocks. A dress of changeable blue and pink has a skirt with a long tunic of net delicately embroidered in iridescent beads which harmonized charmingly with the changeable effect of the silk.

Black lacquered ribbon is now superseded by white lacquered ribbon, and, together with pert little wings trim a small white hat stunningly. This is decidedly a season of white. Never has there been so many all white costumes so immensely popular

This Basque Is An Almost Exact Replica of a Basque of 1880 With a Modern Skirt.

as at the present. How sensible, for if one must be economical it must be acknowledged that white, at least, does not fade, which cannot be said of the charming pinks and blues, which are so alluring upon the counters of the stores.

Veils are very smart and most becoming. They no longer come down over the face in an unbecoming manner, but just touch the tip of the nose. The diagonal mesh is popular and should have a single, double or triplet border of tiny chenille or thin velvet dots. Many novelties are shown in these, but they should be read of as novelties, for instance, some veils are shown with a tiny peacock, beetle or butterfly embroidered upon one side in natural colors. Who but the person loving to be conspicuous would care to wear one of these?

CURED OF INDIGESTION.

Mrs. Sadie P. Clawson, Indiana, Pa., was bothered with indigestion. "My stomach pained me night and day," she writes. "I would feel bloated and have headache and belching after eating. I also suffered from constipation. My daughter had used Chamberlain's Tablets and they did her so much good that she gave me a few doses of them and insisted upon my trying them. They helped me as nothing else has done." For sale by all dealers. (adv-july)

BOURBON FARM SOLD.

The fine Vanmeter farm of 194 acres, located on the Ware pike, near Hutchison, was purchased Tuesday by Mr. Jno. Buckley, of near Clintonville, from Miss Laura Cassidy, of the county. The price paid is in the neighborhood of \$19,400. The farm is well-improved and well watered.

NEWS OF MILLERSBURG

—Mr. Thomas Jefferson Vimont died at his home Monday afternoon at Bloomington, Ill. Mr. Vimont is a brother of Miss Lizzie Vimont, of this place, and his early life was spent here. Funeral and interment took place Wednesday. He is survived by his wife and one daughter, both of whom are well known here.

—One of the most pathetic funerals perhaps that has ever taken place in Millersburg was that of Mr. Wm. Linville, aged 23, and his little three-months' old daughter, Bruce Freeman, who were laid to rest in the Millersburg Cemetery at 3 p. m. Tuesday, in the same casket. Mr. Linville resided at Paris, and is the son of Mr. William Linville, of Bartlettville. About two years ago he was united in marriage to Miss Nellie Foster, of this city, and since then has resided at Paris. He has long been a sufferer from stomach trouble, which is partially the cause of his death. About three months ago a little daughter, Bruce Freeman, was born in the home. The child has been delicate from birth, and for a few days was critically ill. On Saturday the child was taken worse and died at 11:50 Monday. They were both interred in the same casket in Millersburg Cemetery Tuesday at 3 p. m. after a short service by Elder C. O. Cossaboom, of the Christian Church. The young widow has the sympathy of the entire community.

CORONER HOLDS INQUEST.

An investigation of the circumstances surrounding the death of Albert Oder, of Cynthiana, who was struck and instantly killed by an L. & N. train near Talbott Station, Monday, was conducted in this city Wednesday by Coroner Rudolph Davis. The jury after hearing the testimony of a large number of witnesses, returned a verdict in accordance with the facts. The train which killed the unfortunate man was in charge of Conductor Everette Peterson and Engineer Murgridge. The Coroner's report and the verdict of the jury exonerated the trainmen from all blame.

The funeral of the unfortunate victim was held from the residence of his brother, Mr. Barnett Oder, in Cynthiana, Wednesday morning, with services conducted by Rev. W. A. Penn. The remains were interred in the Battle Grove Cemetery, at Cynthiana.

DISMISSED FOR "LACK OF EVIDENCE."

Suspecting that the "Evidence Vault" in the basement of the Carle Court House was leaking, officers made an investigation Wednesday, and found that some 2,000 bottles of beer had "evaporated" from some unknown cause.

THEATRICAL

.....At The Columbia.....
Thanksgiving's great serial picture—"The Million Dollar Mystery"—the biggest film project of its kind ever undertaken. First two parts to be shown at the Columbia Theatre next week.

Part 1 of the first episode is given over to picture information concerning the serial. The "Million Dollars" of the title and the greed for it which inspires the action of the story is allegorically shown with a clever conceit in which a mass of bank notes in the center of the picture is the bait for scores of darting hands belonging to invisible owners. In the first episode of the serial a pair of hands—and hands only—are shown removing the million dollars in bank notes from the safe. Who owns these hands is one of the early mysteries. Hargreave's escape in a balloon which he has arranged to have alight on the top of his house in the big thrill of the first episode—and it is "some thrill."

MATRIMONIAL.

CLARK-LEGG.

—Miss Helen Legg, cousin of Mrs. Frank Trisler, of Paris, and Mr. Frank R. Clark were married recently in Montgomery, West Virginia, where they both reside. The bride has frequently visited Mrs. Trisler.

MORGAN-GORDON.

—Friends in this city were greatly surprised Tuesday night to learn that Miss Ruth Morgan, formerly of Paris, had been married Tuesday afternoon in Nashville, Tenn., her new home to Mr. Fielding Glass Gordon, of Nashville.

The bride, who is the only daughter of the Rev. Carey E. Morgan, pastor of the Paris Christian Church for several years, and Mrs. Morgan, visited Paris for several weeks this summer as guests of Miss Belle Horton and other friends, but so carefully did she guard her interesting secret that not her most intimate friends knew of her approaching marriage. The bridegroom, who is the Secretary of the Union Trust Company, of Nashville, is said to be a fine young man, and a member of a prominent family in Nashville. The wedding was celebrated at the home of the bride's parents and was a very quiet affair. The many Paris friends of the beautiful bride, extend best wishes for a life of happiness. After a trip to New York and other places of interest in the east, Mr. and Mrs. Gordon will reside in Nashville.
